Get into the Guts Updates

- Thanks to Eye Center of Northern Colorado for completing our first virtual tour and behind the scenes view!
 - This virtual tour was a collaborative project by Eye Center of Northern Colorado, Poudre School District, PSD TV, and the Northern Colorado Health Sector Partnership
- The group's next video will be at Fort Collins Family Medicine and will be completed in late June.

You can view the Eye Center of Northern Colorado Virtual Tour and other videos on the Northern Colorado Health Sector Partnership YouTube page, linked in the chat.

Behavioral Health Committee Update

Behavioral Health Career Exploratory Event

- February 25, 2021, conducted virtually, was successful! Thanks to City of Fort Collins for sponsoring and CSU for hosting.
- The event contained two panels and four breakout sessions.
- We had 70 attendees from local high schools, CSU, UNC, and Front Range Community College but have received more views of the sessions on the YouTube page
- 100% of the event survey responders said the information provided was meaningful for exploring behavioral health pathways and that they would recommend the event to others.

The next event will take place in February 2022 at UNC Campus - in-person!

Behavioral Health Committee Update

Resource Library

- This resource has been officially launched on the Health Sector Partnership YouTube Page and is a repository of speaker videos to support students in their exploration of the Behavioral Health profession.
- The current videos have behavioral health professionals answering their five reasons why others should consider a career in behavioral health.
- The group will be starting new videos that describe a “day-in-the-life” of positions in a variety of roles in behavioral health.

If you are interested in this project, please contact JoAnn Herkenhoff or Crystal Smith.
